

Utilities

Please make sure that you contact the utility companies PRIOR to move in & have the utilities switched out of our name. You MUST provide the account numbers upon move in or you WILL NOT receive your keys. In the event that we receive a utility bill in OUR name during your occupancy, you will be charged the amount and we will disconnect service. It is a requirement of your lease agreement with us to keep your utilities current, if there is ever a disconnection you will be in violation of your lease and will be subject to us asking you to vacate.
